## Accommodations

Great styling has long been a Sea Ray trademark, and while few American sportboats are as glamorous as their European counterparts the quality found in late-model Sundancers is second to none. Built on a fully cored deep-V hull with a wide beam, few imports can match the spacious interior of the 380 Sundancer with her superb galley (including a full-size refrigerator), excellent storage, and wide-open floorplan. The layout is typical of most Sundancers with double berths fore and aft and a sofa in the salon that converts to a double berth for extra guests. The midcabin stateroom serves as a conversation area during the day, and then electrically converts into a bed at night. A door separates the forward stateroom from the main cabin, while a curtain provides privacy for the midcabin. On deck, the spacious cockpit provides wraparound seating for six to seven and comes with a wet bar, fender storage, and a removable table that converts into a sun pad. An electric hatch provides access to a rather compact engine compartment. Standard 370hp V-drive inboards cruise at 18 knots (mid 20s tops).
