SPECIFICATIONS

Overview

Pershing the high-performance sport yacht division of Ferretti Group is known for sleek, sexy, modern and fast sport yachts. This 62 Pershing has a 36-knot cruise speed to extend weekend cruising much further than other yachts. With three staterooms plus crew, there is plenty of room for family and friends.

RENEE is in excellent condition with the engines fully rebuilt from block up with only 50 hours, new generator, new exterior paint job.

Manufacturer: MAN

Model: 12V D2842 LE409

Fuel Type: Diesel

DETAILED INFORMATION

Main Salon

The Upper salon has windows on all sides. Forward, Pershing has a large one piece laminated windshield to eliminate the wide pillars seen in many other boats. There are electric windows on each side to open and the aft window which is about five feet wide and four feet high is on a hinge to open the interior to the outside. With the large electric carbon fiber sunroof, the owner can have the boat open to the weather or climate controlled with three capacity air condition units. To the port side is an L-shaped sofa with expanding table. At the touch of a button, part of the sofa slides over to reveal the entrance to the VIP cabin. To starboard is another L-shaped sofa to make an entertaining area for family and guests. Forward on this side are two observation seats with electric adjustments for a great view when underway and one of the seats is actually a lounger. The cabin sole or floor is unfinished teak the same as the cockpit but has a cover to preserve it when the owner is not on board. Hidden behind the port sofa is a bin style refrigerator and a separate ice maker under the companion seating. A pop up flat screen disappears when not needed. The side and front windows have mesh window covers to help keep the sun out of the salon when not being used.

Helm

The helm, located in the upper salon is center line for the best visibility. The same sleek Italian design is evident here with all of the needed navigation aids and engine monitors. Garmin 7212 touchscreen GPS, radar, sounder display (March 2012) Garmin 7215 touchscreen display (March 2012) Bow thruster control Stern thruster control Port and starboard flap controls with indicators (trim tabs) Port and starboard Arneson drive trim controls with indicators Simrad rudder angle indicator Simrad AP 25 Autopilot MAN diesel digital engine monitors showing 50 hours, April 2018 ICOM M604 VHF radio Fuel water and battery gauges Simrad depth, speed and heading indicator XM radio Watermaker display

Lower Salon

The lower salon provides an area for seating on an L-shaped sofa with coffee table. Horizontal panels of light leather accenting high gloss cherry emphasize the sleek modern design of the yacht both inside and out. The galley is to port and when not in use is completely hidden away below and behind high gloss cherry panels. Hidden below the opening counter is a sink and 4- burner cooktop. A refrigerator with separate freezer below is hidden behind doors.

Master Stateroom

The master is just a few steps down from the lower salon and is full beam with large double windows to each side. The queen berth placed at an angle to the corner so that there is a good walk around to either side and has electric controls to raise the bed for television watching. A vanity with stools makes a good dressing area and the ensuite head has a toilet, stall shower and bidet.

VIP Stateroom

The VIP is located aft with its own separate entrance from the upper salon for added privacy. A queen berth has a full walk around, there are plentiful cabinets and storage areas. The en-suite head has a Techma toilet and stall shower.

Forward Stateroom

This stateroom is all the way forward, with V- berths for greater versatility and an ensuite head with a stall shower.

Crew Quarters

Access to the crew quarters is from the aft deck and has a shower and head, single berth television and air conditioning.

Aft Deck

The teak covered cockpit or aft deck is designed to be multi-functional with sofa seating and a table for entertaining. The table can be electrically lowered to make a sunpad. There is a large hinged window that lifts to open the aft cockpit with the upper salon.

Swim Platform

The teak covered swim platform is very large to make easy access to the water for swimming and for using the tender. There is a Nautica rigid bottom inflatable with an 85hp Yamaha water jet drive.

Electrical

The boat has an all American electrical system. Kohler 23kw generator (2) Mastervolt 24 volt chargers Glendinning Cable Master with 50 amp cord

Updated

New exterior paint completed, 2017 New exterior seating, 2018 New Kohler generator, 2017 Zeroed both engines, 2018 Brownies air compressor, 2017 New Pilothouse leather, 2018 Garmin electronics, 2017 Updated A/V, 2016
