Replacement of all external plexy glass pannel 2017

New rubber on teak main deck 2017

Total paint job on hull and superstructure by Codecasa with warranty of two year. 2018

15. COMMENTS

NANOOK has always been a private yacht she was originally built for an experienced Italian yachtsman. Her second owner another experienced yachtsman made a call to Alberto Pinto in Paris to produce the best interior ever seen on a 50 meters yacht. It seemed crazy to rip an already beautiful interior to fit a new one at such early stage in the life of the yacht; however the new Owner had a clear vision and no time to wait for a new build. A timeless masterpiece was created, probably the best interior ever seen on a Codecasa. The third and current owner purchased the yacht in 2007 after falling in love upon first inspection. The yacht has never been on the market, it was sold twice following a private viewing.

The yacht was totally painted over the winter as there was no plan to sell it. It's being sold because the current owner purchased a new yacht few months ago.

NANOOK is hull number #1 of the successful Codecasa 50 meters series.

"Probably the most famous Codecasa in the world, certainly the one with the largest volume and space for her size. A masterpiece of Alberto Pinto with an amazing sky lounge and a sun deck comparable to a 60m. Motorised with MTU for a cruising speed of 16knots. Her quantum zero speed stabiliser guarantees high level of comfort both at under way and at anchor.

Simply an ICONIC BOAT for sale"

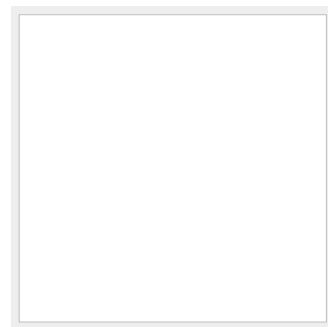

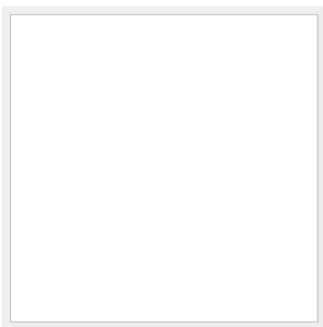

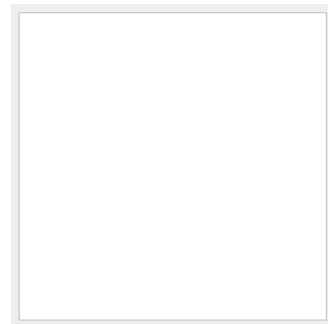

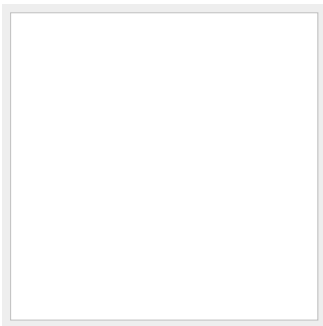

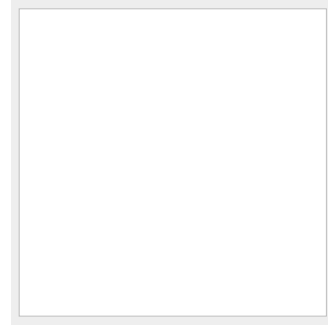

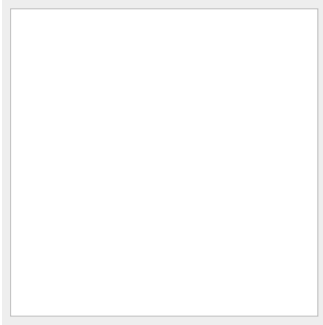

Exclusions

Owner's personal belongings.
