SPECIFICATIONS

Overview

If you like Teak, you will love this yacht. All Teak and Holly throughout and the overside windows add to the big boat feel. He has a 1,000 mile range at 9.5 knots burning 10 GPH and super quiet.

Complete refit covering every area of the yacht. Just some of the items replaced: AC, Davit, Electronics, Heads, Bow Thruster, Shafts, Props, Plumbing, Fueling Polishing System, LED Lights In and Out, and new fuel lines just to name a few. The flybridge has been completely redone from the helm to the STIDD captain chairs.

New teak tables complete this transformation. The boat deck accommodates a large tender and has a new davit. The salon is beautiful, with her floor to ceiling refit. You get a full, unobstructed view from the back deck through the front windshield. The pilothouse is open to the galley. The galley is open to the salon. The salon is open to the aft deck. The aft deck large and comfortable. The master stateroom is aft and completely separate from the other staterooms. Forward is a V-berth cabin with it's own head and TV. The VIP stateroom is amidship, with a walk-around queen bed, also has a kids bunk above it. A huge flat screen TV and a private head complete this wonderful cabin.

The engine room is a full standup. You can walk around the engines. All equipment is very accessible.

Great care and thought has been put into the area to insure reliability and redundancy. The batteries roll out in stainless steel drawers for easy maintenance.
