SPECIFICATIONS

Overview

Bottom Paint; Prop Speed, and Hull Waxed - Spring 2018

Volvo DPS (sometimes referred to as Skyhook)

Volvo ESC for Engines and IPS2 Drives Until 2019

"Revelation" is the perfect example of a beautiful captain maintained vessel at the highest level. She is easy to operate, her current owner also operates. She boasts three different joystick location, lower helm, upper helm and a cockpit docking station for easy maneuvering in tight quarters. This Prestige is not only beautiful and easy to run, but she is also very sea worthy and runs great in rough seas at a 24 knot cruise. The popularity of this brand is due to its excellent design, use of space, and 360 degree visibility from the Galley and Salon area. Three docking stations including the cockpit joystick.
