## Overview

---

Built in GRP by UK yard Sunseeker International to RINA class, she was delivered in 2014 and was nominated for a 2015 World Superyacht Award. She has a highly detailed, bespoke luxury interior design, using clean, bright decorative materials of leathers, pale timbers, metals and semi-precious stones. Inspired by a 'Miami & Ibiza Beach Club' theme, the interiors feature white washed timber floors and ceilings with pale vein stones, making the already expansive 40 metre yacht feel even more capacious and beamy.
