Brokers Comments

The Big Easy has been kept under cover in freshwater for the majority of its life. She was brought down the the Gulf Coast in 2015, where the boat has always been kept in a covered slip. Tiara is well known for its excellent build quality, high-end fit and finish and impressive sea keeping characteristics.

She has super low hours, new bottom paint and just had her engines serviced.

She shows like a much newer boat. Come see her for yourself, you will not be disappointed.

- Cummins CTA 8.3 Diamond Series Diesels (411 and 482 hrs)
- Onan 8KW Genset with only 357 hours
