# DETAILED INFORMATION

---

## Overview

---

The Carver 444 Cockpit Motor Yacht is basically a Carver 396 Motor Yacht (2000–07) with a cockpit and extra fuel. This was a huge sales success for Carver. No other cockpit yacht her size can match the 444 for interior space and comfort, and none has a larger cockpit. Stepping below, the enormous full-beam interior of the Carver 444 — made possible by raising the side decks to eye level — comes as a surprise. With its panoramic views and nearly seven feet of headroom, the salon dimensions are those of a much larger boat. A mid-level galley is forward to port, and both staterooms have queen berths. To save space, the forward head is split with the shower stall to port and toilet compartment to opens directly into the cockpit. Wing doors and a hardtop protect the aft deck, also on the small side. Topside, the helm is forward on the spacious flybridge with lounge seating and wet bar aft. Volvo 370hp diesels cruise at 18 knots (low 20s top).
