SPECIFICATIONS

Overview

As the official dealers for Ferretti Yachts in Thailand, we are pleased to introduce this opportunity for a new boat buyer to purchase an as-new Ferretti 850 which is available immediately and offered at a very special price. Delivered in May 2017 this highly optioned four cabin yacht has been lightly used by her current owners, and has been operated by a full time crew since delivery.

Some of the stand out design features of this latest model from Ferretti Yachts include a large, semi-floodable tender garage and beach club platform made possible by an innovative transom solution making launch and retrieval of the tender especially easy. The class-leading, spacious flybridge benefits from free standing outdoor furniture, a custom bar, and aft lounge seating. The hardtop provides excellent sun protection. There are many features on this yacht which would normally be associated on larger vessels, such as large bow seating area with table, day head on the main deck, semi raised pilothouse and separation of the crew quarters and galley which are located forward in the hull, rather than aft. The technical specification includes upgraded MAN 1900hp engines with under 200 hours of run time, 2 x 27kw Generators, 2 x Seakeeper gyroscopic stabilisers, Watermaker, Simrad glass bridge displays, underwater lights and Williams 385 jet tender with under 40 running hours.

If you are looking for a high quality, large volume, modern four cabin flybridge motoryacht, then this is the yacht for you. A new owner will benefit from immediate delivery and an attractive price. This Ferretti Yachts 850 is an absolute head-turner and awaits your inspection in Phuket, Thailand.

Features

- Semi-Raised Pilothouse and Glass Bridge
- Seamless glass window design from stern to bow
- Elegant flybridge layout with impressive 45sqm area
- Minotti furniture throughout - true Italian style
- Excellent crew/guest separation usually found on larger yachts
- Semi-floodable garage for Williams 3.85m tender
- Hydraulic bowthruster
