Total Cabins: 1

Hull and Deck Information

Hull Material: Fiberglass

Hull Configuration: Modified Deep Vee

Engine Information

Engines: 3

Manufacturer: Yamaha

Model: F350

Engine Type: Outboard

Fuel Type: Gas

DETAILED INFORMATION

Vessel Information

The first jumbo center console to appear on the market, the Yellowfin 42 continues to set the standard for what a muscular, no-holds-barred center console should be. Introduced in 2008, she's a proven tournament contender combining fully cored composite construction with a highly efficient layout and the ability to run hard in severe conditions. Like most of today's big center consoles, the 42 rides on a high performance stepped hull designed to reduce drag and friction. Rod holders are everywhere. Belowdecks, a well-finished cabin includes twin berths, standup shower, electric head, microwave, and a teak-and-holly sole. In 2013, Yellowfin redesigned the 42 by replacing the seated livewell with a transom livewell, and moving the console and leaning post forward 18 inches to reduce bow rise and increase cockpit space. Exemplary fit and finish throughout. Cruise at over 40 knots with triple Yamaha F350—outboards. To many offshore anglers, this is as good as it gets in a big center console.
