# DETAILED INFORMATION

---

## REMARKS

---

This boat is a 1996 60' Bertram convertible with the four stateroom layout. In 2016 the galley was updated with new granite counters, new appliances, new cabinets and under counter refrigeration. She is all set up to fish with Pipewelders tower, Release fighting chair, Rupp outriggers, livewell, Eskimo ice chipper, water maker, cockpit freezer and tackle lockers. She has twin 20 Kw generators and is powered by a pair of reliable 1250 hp Caterpillar 3412's.

The 60' Bertram is one of the best rough water boats ever built and she is ready to go!

## VESSEL WALKTHROUGH

---

### Salon

Upon entering the salon the entertainment center with hinged flat-screen TV, wet bar and electrical panel are to starboard. To port is a large L-shape sofa. Moving forward is the updated U-shaped galley to port with granite counters and under counter refrigeration. To starboard is the U-shaped dinette with matching granite table. The galley and dinette floors as well as the companionway floors are high gloss teak and holly.

### Galley

The original galley had the standard layout with a full sized upright refrigerator to port. In 2016 it was removed and replaced with three stainless steel, two drawer Kitchen-Aid under counter refrigerator/freezer units. The galley cabinetry was replaced and granite counters were installed throughout the galley and salon. This update completely opened up the salon and gave it a much bigger and more modern feel.

### Cabin Area Below and Forward

This is the four stateroom, three head layout.

To starboard is the first guest stateroom with upper/lower berths, separate A/C and stereo and new (2016) mattresses and bedspreads. There is private access to the guest head from this stateroom. The guest head can also be entered from the companionway and doubles as the day head.

Next forward is the washer/dryer compartment.

Directly forward is the second guest stateroom with upper/lower berths, separate A/C and stereo, hanging locker and new (2016) mattress and bedspreads.

Furthest forward is the VIP stateroom featuring a large double berth to port and a separate single berth to starboard. New (2016) mattresses and bedspreads and a flat screen TV were installed. There is a full-sized hanging locker, hull side lockers and lots of drawer storage below the double berth. There is also an ensuite private head with teak and holly floor.

The owner's stateroom is to port and features a walk-around center line king bed. In 2016 new mattresses and bedspreads were installed as well as a flat screen TV with storage behind. There is a large hanging locker, drawer space and ensuite head with shower and teak and holly floor.
