## Overview

---

### **Beneteau Gran Turismo 40 Hull #111 Arriving to Seattle in July 2018!**

From Beneteau, the world's largest manufacturer of yachts, comes an entirely new design in the express cruiser category. This GT 40 replaces the very popular GT 38. Italian super-yacht design firm Nuvolari-Lenard designed her looks, which we think makes it the best-looking 40-foot cruiser out there.

She is equipped with generation 2 of Beneteau's patented **air step** design which increases her top speed by **1.5 knots** and allows her to carry an additional **1,500 lbs** with the same engines as the 38 GT, the D6 370 HP Volvo diesel. Cruise easily at 30 knots (38 knots total).

### **GT40 #111 Factory installed options:**

- **Layout** - 2 Cabins, 1 head (with separate shower stall).
- **Hull Color** - White Hull with Black Accents
- **Engines** - Twin Volvo D6 370 HP Diesel (sterndrive)
- **Joystick** for docking and maneuvering
- **Bow Thruster**
- **Teak on electric swim platform and cockpit**
- **Walnut interior** with Ultraleather Promessa salon upholstery
- **Exterior Upholestry** - Mocha & Cream color
- **Generator** - 7.5 kva Onan
- **Chartplotter** - Simrad NSS Evo 3 12" Multifunction Screen
- **Electronics Pack** - Simrad Radar, Autopilot, VHF with AIS
  
- **Electric Cockpit Windows**
- **Fiberglass Hardtop** with built-in **electric sunroof**

**Every new Beneteau comes standard with a 3-year stem to stern warranty and a 7-year structural warranty.**

## Basic Information

---

# DETAILED INFORMATION

---

## Air Step 2 Hull design

---

**Air Step 2** is an evolution and an upgrade of the first generations based on Beneteau's customer experience and their R&D Department.

The concept remains the same as the first generation: a V-shaped step under the hull with hard chines in the aft that generate a perfect grip when turning. The step creates an "air cushion" which reduces the drag thus improves performances and brings a smoother ride.

Air Step 2 has different air intakes under the hull. These are more simple to build but most of all they dramatically increase the air flow in the step.

There is **3 times more air** than the first generation air step. The results are significant:

- **1.5 knots more** in top speed
- Even less bow rise than in generation one. (*almost no bow rise at all*)
- Can now carry **1,500 lbs more load** and gear onboard without decreasing top speed (*this means more equipment and comfort with the same performance*)

## Factory Installed Options

---

- 2 Cabin 1 Head in Alpi Mat Walnut
- Graphite Cockpit Aft Closing
- White Exterior Protective Covers
- Electric Swim Platform
- Mocca & Cream Exterior Upholstery
- Bow Thruster
- Under Waterlights

## Exterior

---

- Swivel bow fitting with anchor securing system
