---

## Engine Information

---

**Engines:** 1

**Manufacturer:** Caterpillar

**Model:** 3406 DI-TA

**Engine Type:** Inboard

**Fuel Type:** Diesel

---

# DETAILED INFORMATION

---

## Accommodations

---

The interior is built in solid teak. The wheelhouse has seating for four persons and offers excellent views all around. The aftpanel of the wheelhouse is removable for summercruising and can be closed off with a canvas.

The salon is very bright and spacious and offers a direct connection to the galley and dinette which are located forward, a few steps down from the salon.

The owner's cabin is aft, is full beam, and has separate toilet and bathroom, both with floorheating. There is ample storage space in lockers and drawers.

Forward of the galley is a guestcabin with twin bunks and a VIP cabin with a queensize double. The two guest cabins share a bathroom with toilet and shower.

## Exterior

---

The exterior design is instantly recognisable as Pieter Beeldsnijder and this must be one of, if not *the* most well-balanced cutter designs that he ever made. The hull is enormously strong with frames every 50 cm and four watertight bulkheads. The superstructure is aluminium, the decks are all teak.

The aftdeck provides seating and a diningtable for eight guests. The tender can easily be stored on the foredeck.

The mast can be folded down hydraulically, reducing headway to 4m50.

## Electronics

---

Radar - Furuno Wind speed and direction - VDO Depthsonder - VDO GPS - Furuno and Simrad Autopilot - Robertson AP45 with remote control Plotter - Simrad plus Raymarine Compass VHF - 2x Skanti, 1 with DSC
