SPECIFICATIONS

Overview

At 32' with a 10' beam, the 320CC is a proven offshore battle wagon that is also surprisingly social when cruising with friends and family. For fishing, the 320CC sports 12 gunwale-mounted rod holders fore and aft, (2) Grand Slam outriggers, 10 rod custom rocket launchers, double insulated live wells and fish boxes with over 1,300 quarts of storage. Friends and family will be pleased with the 320CC accommodations too! With seating for 12 and plenty of room to move about, the 320CC is great for socializing close to home or taking off for a long-range trip. The 320CC has such a soft, dry ride that running offshore is a pleasure. So, even when mono-hulled boats are headed for shelter, you and your crew feel safe, comfortable, and confident because of the 320CC's ride and rock-solid construction.

Basic Information

Category: Catamaran

Sub Category: Center Console

Model Year: 2011

Year Built: 2011

Country: United States

Dimensions

LOA: 32' 0" (9.75m)

Beam: 10' 6" (3.20m)

Clearance: 9' 0" (2.74m)

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Manufacturer: Yamaha

Engine Type: Outboard

Fuel Type: Gas

DETAILED INFORMATION

Manufacturer Provided Description

The 320CC has the beam, stability, and ride of the 330TE combined with the styling and family seating of the 290CC. The 320CC is built with the most modern boat-building techniques to increase strength while reducing weight: the hull is resin-infused, using the latest equipment and advanced laminates, then chemically bonded to the fiberglass super structure and finally to the deck. The result is a stronger, faster, and lighter fishing machine, and we expect huge improvements in fuel efficiency and top-end speed. Fishermen using the 320CC will appreciate the 40 percent more cockpit depth than the 330TE, the 1300+ quarts of fish box or dry storage space, the 12-gunnel mounted rod holders, and the 45-gallon live well. And when you're not fishing, you'll enjoy 6-adult seating capacity upfront, perfect for an evening cruise, as well as the optional swim-platform for diving at the reef with the family.

Electronics, Safety, Deck Equipment, Etc.

Standard Equipment

- Patented Vectorflo semi-displacement hull provides a dry, stable, high-performance ride
- Our Unibody Construction fuses the hull and deck to maximize hull rigidity and strength for the life of your World Cat
- Ten-year limited, transferable, structural hull warranty
- Full 316 stainless steel hardware package provides a lifetime warranty against structural corrosion for years of carefree use
- 100 percent composite construction creates a solid, durable, rot-free platform for serious offshore performance
- Independent propulsion, fuel, and electrical systems for the added security that you will be able to return home safely on one engine
- Non-corrosive, polyethylene fuel tanks, which will not rust or corrode in the harsh saltwater environment
- Large diameter PVC rigging tubes provide ample room for the rigging of electronics, while providing excellent chafe protection for the electrical systems
- Self-bailing cockpits with a minimum of four (4) over-sized drains utilizing gravity to quickly drain your deck
- Minimum of two (2) 1500-gph bilge pumps with automatic float switches quickly evacuate the hull to keep you safe and your hull dry in almost any situation
- 100 percent composite transom reinforced with aluminum backing plates to hold up the stress of high-horsepower engines
- Break-away dive ladder for easy transom entry is standard on all models for added safety and convenience

Water-resistant bilge hatches with compression gaskets in motor-wells provide bilge pump access and serviceability • Live wells and fish boxes are double insulated with composite coring and urethane foam for consistent temperature control • Molded-in diamond pattern non-skid on all walking surfaces provide enough grab for safety without hurting your feet • Toe-rails to increase cockpit floor-space and fishability while improving comfort and safety. (Not available on the 270SD) • All cleats and rod-holders are through-bolted with backing plates for heavy-duty marine use • Premium marine grade vinyl and foam used on all upholstery to provide years of good looks and easy care • Bow Anchor locker for convenient storage of chain and rode • LED cockpit and navigational lighting for years of trouble-free boating • Heavy-duty wiring systems meet or exceed all NMMA requirements and include tinned copper wiring, Deutsch sealed connectors, and wires labeled every three inches • Hydraulic steering system with tilt-helm, dual steering cylinders, and a liquid tie-bar • All World Cats are NMMA certified following ABYC standards while all models over 26 feet are Yacht Certified for added safety • Battery management system monitors and chargers all three (3) battery banks while allowing for emergency paralleling for increased safety • All World Cat helms are ergonomically designed using our CAD system to provide comfortable placement of controls, gauges, and electronics while assuring excellent bow visibility per ABYC guidelines. As the skipper of your new World Cat you'll find its helm to be simple, safe, and fun! • Stainless steel cup holders • Minimum of two (2) twist lock 12V DC plugs in the cockpit for down riggers, electric reels, kites, or drink blender (TE's include four) • Eight (8) stainless steel recessed cleats provide maximum holding power and minimum interference with fishing lines • All wires are labeled every 3 inches for ease of maintenance and serviceability • (4) pop-up fender cleats (290EC has 2 cleats) • Full upholstery kit includes aft coaming pads on all boats and forward coaming pads on center consoles • Customer care package including Coast Guard kit, four (4) fenders, six (6) dock lines, and batteries • Chrome-plated, epoxy-coated stainless-steel fasteners throughout for long-term performance and appearance • Raw and fresh water systems

Exclusions

Owner's personal belongings.
