SPECIFICATIONS

Overview

The world has no limits in the Personal Ship that is a Krogen 58 Pilothouse. This is a truly beautiful example of one of the most sturdy, capable and liveable bluewater expedition yachts ever made. She is equipped like no other including robust electronics, watermaker, mixed-gas dive compressor, upgraded systems and interior, and a \$40K spares inventory to address any issue, anywhere in the world. No need to ask, does she have...she does...and a spare/rebuild kit for it too. Her interior has received ongoing upgrades and the entire yacht is constantly maintained. She is luxurious, over-equipped and absolutely spotless. The Krogen design and build are the most efficient and capable hulls ever put to sea, combined with luxurious living and world cruising range. With this engine and equipment package, she is barely broken in and shows as new. She truly is an incredible value. If you really are headed out there, here is your next boat.
