SPECIFICATIONS

Overview

The Ribjet Lightwave 12 is the most compact collared side tender Ribjet offers. The foam collar offers all the protective features of a RIB tube without infringing on usable space leaving room for 6 adults. The tenders are also available fitted with a closed cell foam collar system. The performance is exciting and there is plenty of power for water sports. At low speed the Lightwave 12 is safe and maneuverable for use as a small luxury tender. With a large swim platform and plenty of space for gear the Lightwave 12 is the perfect platform to beach outings or day trips. The lightwave 12 is available via custom order with a Weber 850 MPE gas engine and jet pump system. Each boat is laid up with carbon fiber infusion and custom painted per the clients requirements.
