SPECIFICATIONS

Overview

The Nano 10 by Evolution Tenders is the smallest vessel in the Nano line of boats, but don't let that fool you as this little Nano boat packs some serious fun and function into a small package. At only 430lbs with engine, she can be stowed almost anywhere and planes quickly with her standard 20hp four stroke outboard package. The Nano 10 has been specifically designed to be lifted with low capacity davits and fit snugly on smaller swim platforms. She even fits inside the transom garage of select yacht models. Additionally her 18" diameter tubes help her to plane quickly and ride smoothly regardless of sea conditions.

This Nano 10 comes with the following:

- 20hp Yamaha outboard
- Electric start
- Electric trim and tilt at the helm
- Quick plane outboard fin
- Speedometer
- Tachometer
- Powder coated aluminum seating
- 3.5 gallon fuel tank
- Battery switch
- Comfortably sits 3 adults
- Hypalon tubes
- Hypalon handles (4)
- Bow / aft d-rings
- Plug-in navigation / anchor light
- Stainless steel lifting points
