SPECIFICATIONS

Overview

"Pegasus" cannot be compared to her peers. This vessel is far and away superior to anything you are likely to come across in her class. Much of the shipboard equipment found aboard "Pegasus" would ordinarily be found aboard commercial vessels. The vessels original masts have been replaced with aluminum masts. Having been under the watchful eye of a full time and knowledgeable licensed Captain, "Pegasus" was designed by William Garden to go to sea. All fittings, hardware, portlights, hinges etc. aboard this vessel are of high quality.
