Manufacturer's Description

The 75 Yacht was conceived to offer the same basic specification as the 82, only with more compact proportions. This has resulted in a combination of superb handling -

usually seen on smaller craft - and the same levels of luxury as her larger sisters. The 75 Yacht already offers a spacious main saloon with panoramic views, but an alternative layout option without the internal staircase makes this boat even more accommodating.

Exclusions

Owner's personal belongings.
