SPECIFICATIONS

Overview

The Riviera 48 was the flagship of Riviera for many years and was responsible for fortifying the reputation of being well built, solid and versatile sea boats. This iconic reputation is still very much the case today.

This Riviera 48 is loaded with options and extras including an enclosed air conditioned flybridge, SAT TV, water maker and long range tanks to open up numerous cruising possibilities such as the Andaman Islands which this boat has done many times.

Never chartered and always maintained well since new which will be evident on inspection. Fully re-sprayed in 2013 and a new Kohler 17kw genset fitted in 2012. Her CAT engines have been serviced as per the maintenance intervals and have been checked with CAT computer diagnostics which confirms many more hours of service life.

This Riviera a lot of boat for the money and would be well suited to an active family who requires a boat that can travel a little further than the standard cruisers in the same price bracket.

For a full specification or to make an appointment to view please contact us today.

- Twin CAT 660hp shaft drive
- Kohler 17kw genset (new 2012)
