## Overview

---

**Note: Preliminary listing. More photos to follow.**

The magnificent style and layout of the 53 Voyager made her one of the most popular pilothouse yachts Carver ever built. This particular vessel has the optional extended swim platform much like was offered on the 57 Voyager. She also offers upgraded tile flooring in the heads, and upgraded forward shore power hookups and a glendening cable master on the aft hookup. **COMBINED STRENGTH AND STYLE** The boat has graceful and eye-catching style with its frameless window design. It allows for larger panels. This reinforces visibility from the salon. Per Carver, the deck, cabin top and cockpit of each of their yachts are fabricated as a single unit, creating a structurally unitized deck component. For even greater strength, aluminum truss reinforcements are laminated into each deck and cabin top unit to structurally integrate the cabin top with the deck.

**INTEGRATED PILOTHOUSE** Her pilothouse features radically integrated windows and seating for 6, with a full helm station with overhead console which include electronic navigation systems for a smooth ride. **COMFORT FOR EVERYONE ABOARD** This Carver offers 3 staterooms, 2 heads each with separate stand up showers, a full upscale galley complete with appliances, and a flybridge with lounge, seating area for 8, and a sink. Her twin Volvo engines with 610hp each provide peace of mind to your power needs wherever and whenever you need it. This boat shows pride of ownership in all aspects as she has been maintained by her owners.

**PLEIADES** key features include (but are not limited to):

- Twin Volvo engines with 610hp each (approx. 500 Hrs)
- Kohler 19kw generator (approx. 500 hrs)
- Extended swim platform
- Upgraded tile flooring in the heads
- Upgraded forward shore power hookups
- Fusion radio with MS NRX300 remote in the cockpit and MS RA70N in upper helm
