## Overview

---

With it's low time and light use this recently painted (topsides and hull) truly vintage 60 Hatteras Enclosed bridge is absolute diamond in the rough. A true gem. Very rarely in this industry do you find a vessel of this time in such preserved condition. The interior looks as if it has hardly been used. This 60 Hatteras is kept up to the nines cosmetically and mechanically. Despite her low time, she has been serviced regularly. It is nice and refreshing to see a vessel like this come up on the market. SP Bookie, is a pleasure to show and will be very pleasing to it's next owner especially for such a reputable product representing one Hatteras 's finest hulls.

SP Bookie shares some additional highlights such as a new 15" Furuno NAVNET GPS Chartplotter/Bottom Machine with new separate transducer. SP Bookie is equipped with the convenience of a Bow Thruster, Water Maker, Murray Brothers Fighting Chair, Twin Onan 20KW gensets, and STIDD Helm Chairs on the enclosed bridge. For those in the market for a very aggressively priced 60 Hatteras EB of this genre with the condition and updates offered, SP Bookie is not to be overlooked.

## Basic Information

---
