## Overview

---

This Super Clean Low Hour Cabo 35 Flybridge is powered with the preferred Electronic Caterpillar 3126B diesels engines offering 450 horsepower each. She's equipped with Glendining Electronic Flybridge and Cockpit engine controls which give you the ability to program troll speeds (Trolling Values), engine sync and are expandable for multiple stations. Her factory options/features include leather interior, teak and holly floors, Corian counter tops, oil change system, custom hardtop, Rupp outriggers, Release Helm & Companion Chairs, Release Fighting Chair with rocket launcher, fish boxes with macerator pump-out system, transom bait tank, heavy duty transom door, generator in a sound shield, air-conditioning/heat and a great electronics package with KVH Satellite TV and upgraded 37" Salon TV. She's in Excellent Condition with just having a full interior and exterior detail completed. Call listing broker for additional information or to schedule a time to see this gorgeous boat!!

# DETAILED INFORMATION

---

## Accommodations

---

As you walk through the salon door teak woodwork throughout is elegant and durable. The salon provides the perfect environment for relaxing or entertaining in comfort. Five can dine comfortably at the starboard settee, and there is additional seating located portside, aft of the galley. There's easy access to storage beneath settees and behind bulkheads. Portside in the galley, even the most discerning chefs will appreciate Corian countertops, twin burners, large refrigerator, deep sink and convection microwave oven. Understated luxury continues below in the spacious double cabin. A large, double island berth on centerline with easily accessed dry storage below puts many larger boats to shame. Two rod lockers forward conceal as many as 10 offshore rods with reels. A spacious head with separate stall shower adjoins the forward stateroom. Two additional single berths are located portside in the guest cabin. Padded bolsters ring the cockpit for extra comfort when bringing in big fish. Tackle center for easily organizing in the custom built drawers at the two rigging stations, which are located over the engine boxes. Easily opened for quick engine access, these boxes double as comfortable seats for watching baits, relaxing while running out to the grounds or hanging on the hook after a long day. Port and starboard cabinets running nearly the length of the cockpit provide storage for gaffs and bait nets, leaving the cockpit clean and free of obstruction when fighting a fish. Two six cubic foot fish boxes equipped with macerator lay flush with the cockpit sole, and both fresh and saltwater wash downs are close at hand. A 50 gallon bait tank is located in the aft cap rail, minimizing intrusion into valuable cockpit space.
