SPECIFICATIONS

Overview

Serque was completely rebuilt in 2008 to a design by Donald Blount, and under the guidance of Murray & Associates Naval Architects. Classed by ABS, she was re-delivered to her US owner in 2009, with 100% of her machinery, electrical, piping, plumbing, a/v, interior and exterior finishing replaced. The interior by Pavlik Yacht Design was handcrafted by Genesis Yachtline in Viareggio, Italy. Her C-32 Acert engines were newly installed, and have full warranties through 2023. Zero Speed Stabilizers were added. She accommodates 12 guests in six cabins including a main-deck master suite, three doubles and two twins. All have en-suite facilities and have access to the on board Kaleidescape server allowing for on-demand audio and video. Most remarkable is the expansive, indoor/outdoor top deck, which facilitates every activity from formal dining, to lounging at the full bar, to sunbathing adjacent the dual purpose Jacuzzi.

Basic Information

Category: Motor Yacht

Hull Finish: Aluminum

Hull Designer: Donald Blount

Interior Designer: Pavlik Yacht Design

Engine Information

Engines: 2

Manufacturer: Caterpillar

Model: C-32

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Salon

As guests enter the main salon, one is struck by the cozy, yet spacious area for lounging. The beautiful interior designed by Pavlik Yacht Design, was handcrafted by Genesis Yachtline in Viareggio, Italy, and shipped to the US for installation. Guests will appreciate the rich interior features, such as Botticino stone with mosaic borders, which highlight Italian high gloss furniture and luxurious silk and chenille fabrics. Two rich leather reclining chairs oppose a large sofa, and with two more spare dining chairs, the area comfortably seats eight. There is also a large screen TV, plenty of cabinet space for linen and crystal storage, and a rich mahogany inlay on the ceiling.

Dining

Moving forward of the salon, guests enter an equally well appointed dining room. The table seats eight, but can be expanded for up to 12 guests. There is plenty of high gloss cabinetry lining the forward bulkhead, and side walls, to store the linens, silver and other dining utensils. Beautiful back-lit glass cabinets to either side of the space, highlight the collection of fine crystal.

Master Stateroom

Forward of the salon, dining room and galley, is the on-deck master stateroom. The large king bed faces forward, with night stands to either side, and a large flat screen TV at the foot of the bed. The room offers plenty of walk-in wardrobe space, and large side windows. Forward of the room, is a "his" and "hers" bath, with the spaces separated by a Jacuzzi spa, shower stall, and another smaller TV.

Guest Accommodations

Below deck are five, beautifully appointed guest staterooms, all with ensuite baths, access to the Kaleidescape entertainment system, and wifi. In the lower foyer, aft, are two identical king bed cabins, named the "Freeport" and "Nassau" cabins. Forward of them, to starboard, is a generously sized laundry room. To port are two more smaller cabins, named the "Bimini" and "Exuma" cabins. One sleeps three, while the other sleeps two, utilizing pullman beds. All the way forward is the VIP "Andros" cabin. It features a queen size bed forward, with a generous sitting room aft.

Fly Bridge

What is unique about this flybridge, is that it doubles as an additional climate controlled, fully enclosed guest space, featuring an additional dining area with seating for eight, and a table that electrically moves out, for easy seating access. The area also features a full bar, a fully hooded grill, and Jacuzzi spa. There is even a full steering/navigation station forward, with Stidd chairs, allowing for climate controlled navigation from the second deck. The area also has a technologically advanced automatic plexiglass door, immediately adjacent to the Jacuzzi, which operates to keep the cool air-conditioned environment in, on hot summer days outside. Aft of this area, is of course a spacious deck for sunning.

Machinery

Engine Type:(2) CAT C32 Acert, @ 1,800Hp each (CAT full warranty in effect through Oct. 2023)

Gearboxes:(2) ZF 3050 Series Reduction Ration 2.77:1
