## Overview

---

The 56 Viking was one of the most successful boats ever built by Viking. It's noted for exceptional speed and sea keeping abilities with a generous 3 stateroom 2 head layout, comfortable salon and large galley. Only a few of the 56's were built with the Enclosed Bridge option in their last two years of production.

"S'way It Is" features the Optional Enclosed Flybridge, Factory Mezzanine, Custom "Release Marine" cockpit table /rocket launcher combo, Spot Zero Water Purifier, Dometic Ice Chipper, Bow Thruster, Davit and much more... Her powerful and efficient 1550 MAN diesels run smoke free thanks to the latest in common rail injection technology and factory underwater exhaust. They have just under 1200 gentle hours and are up to date on MAN service.

**She is a must see for any enclosed bridge buyer!**

## Basic Information

---
