SPECIFICATIONS

Overview

Dreamliner is an elegant luxury motoryacht reflecting a quality, style, elegance, and performance that make her the best in class. A rarity with its beautiful oyster white super structure and hull that sets her completely apart from all the rest! This 2005 78 Marlow has been meticulously maintained by her present owner with a tremendous amount of quality upgrades over the past two years. The aft deck provides an excellent area for entertaining and for taking in all the sights. Teak decks, varnished cap rails, hand rails, and massive stainless steel hardware offers a rich feel to all that come aboard.

The salon is the perfect place to entertain with an enormous u-shaped leather settee, a large retractable flat screen TV, and two barrel chairs across the central pedestal table. The dining and bar area situated between the salon and pilothouse exudes elegance with her built in china cabinets, wine cooler, fridges, and new Quartz bull nosed countertops. Upgraded solid teak raised beveled fronts on all appliances sets **Dreamliner** apart from other Marlows. Under the custom chandelier is a classic teak dining table that seats six and expands to eight.

DETAILED INFORMATION

Introduction

Dreamliner has three guest staterooms plus crew quarters. The master stateroom is a beam to beam cabin with a king size bed surrounded by teak and glass cabinets providing abundant storage. No comfort is spared as this room includes a writing desk, swivel pedestal chair, small settee, and a large flat screen TV. **Dreamliner's** master stateroom also features his and hers ensuite heads with an adjoining shower.

The VIP Stateroom has an island king berth, teak cabinets, flat screen TV, ensuite head and shower. The second guest cabin features side by side single berths with an ensuite head and shower.

Marlow Explorer Yachts are limited production yachts built under constant supervision and stringent quality control procedures. The Marlow Explorer 78E is designed and built to cross the oceans of the world in comfort and safety while the proprietary Strut Keel technology allows inland and island cruising with fully protected running gear.

Comments

Only the finest components like Dupont Kevlar, Core Cell and engineered construction fabrics are specified for the hull, deck and superstructure of this Marlow Explorer Yacht. Vinyl ester Epoxy resins and glues are used throughout. Only top quality mechanical components like Aquadrive constant velocity couplers, CAT marine, Tides seals, Master Volt converters are used.

In the lovely hand finished interior, quality brands like Sub Zero, Dacor, GE, Miele, Grohe and similar are found. Fine fabrics of Ultra-leather and other top brands grace the interior. The result is reminiscent of an era when quality, not quantity was the hallmark of a fine yacht.

Exclusions

Owner's personal belongings.
