SPECIFICATIONS

Overview

Irish Rover is an exceptional long-range cruiser designed to cross the oceans of the world and cruise the islands in luxury, comfort and complete dependability. Nonetheless, she is also the perfect weekender for a quick get-away or to entertain family and friends, and the only one with the exquisite master stateroom on the main deck! Equipped with a custom bar area for spacious entertaining and amazing hot tub on the upper deck giving you the opportunity to enjoy a beautiful panoramic view. She features new exterior soft goods and custom exterior sun shades. Also the only one with 7 staterooms plus crew quarters. Don't miss this great opportunity to own such an amazing vessel.

This Marlow yacht stretches over 100 feet and is constructed to the rigorous standards of ABS and Lloyd's Register Ocean Class A. Similar to other Marlow yachts, Irish Rover was built without wood framing or stringers and her hull was designed around the unique Marlow Velocijet Strut Keel, which is credited to enhancing stability and performance. Twin keels on each side of the center line protect the propellers and act as stabilizers to minimize the rolling motion.

Another unique attribute to the Irish Rover is Marlow's innovation in the use of Full Stack Infusion, which won international awards for providing a sleek hull design that offers exceptional fuel mileage. Her top speed is approximately 27 knots at 2300 RPM with a comfortable cruising speed of approximately 20 knots at 1900 RPM, and a range of approximately 4,000 nautical miles at 9 knots. She is powered by twin 1800HP Caterpillar C-32 engines with only 1100 operational hours, in addition to the two Onan 32kw generators, which includes a custom sound box. a full compliment of Raymarine electronics will direct you to any local or foreign port of call.

Irish Rover could be considered a floating luxury hotel, offering a magnificent master suite, an in-suite head with bidet; gorgeous full size hand carved white marble tub carved from a single block of white Sichuan marble and a stunning granite floor. Six additional staterooms offer plush accommodations for guests including a VIP suite, which rivals a master suite on other comparable yachts of this size. Additional roomy crew's quarters with its own mini galley provides added privacy for both owner and crew.

From the sun deck with optional shade and its own galley including a barbeque grill, to the fabulous accommodations that include everything imaginable for creature comforts and convenience; 7 staterooms, 8 heads, a huge hydraulic swim platform, a hydraulic transom garage style door for easy access to equipment storage, room for toys, outdoor hot tub on upper deck, crew's quarters and full standing height engine room, this Marlow is one elegant lady, unsurpassed in convenience and luxury.

DETAILED INFORMATION

Accommodations

The main deck offers a formal dining area to accommodate eight, separated from the main salon by a pillared custom sculptured glass divider that changes colors with lighting effects and contains a large pop-up television. The galley enjoys its own doorway to the side deck to make provisioning a breeze. The upper deck sky-lounge and command bridge are well arranged with plenty of space, a comfortable corner settee with table, and a day head. Just outside the sundeck is equipped with an outdoor galley, complete with three stools, and a built-in barbeque, and a Jacuzzi spa. This Explorer yacht has 4 microwaves, 2 stove tops, 2 outdoor country kitchens, and 2 grills (1 gas, 1 electric).

The master suite is conveniently located forward on the main deck, offering owners a wonderful panoramic view out of large windows. The master head offers an incredible hand-carved white marble tub, his and hers hand-carved marble sink basins, and a simply stunning black Shanxi granite floor.

Guests are also well accommodated on the lower deck with six staterooms offering a variety of space, including a very large suite in addition to two mirrored staterooms, and two cabins with double berths that are perfect for kids. A mini-galley located in the lower foyer is convenient for guests staying aboard to feel at home. the private crew's quarters, located aft of the engines, are also well situated with their own mini-galley.

There is an alarm system throughout the boat. the forward section of the vessel has a water tight bulkhead and door. There is central vacuum system through out the yacht as well. And as with all Marlows, there are no laminate materials used, only quality woods, this one has Burmese Teak, Holly and Bamboo.

Mechanical

- AGM (Absorbed Glass Mat) no maintenance batteries
- Air conditioning in engine room and crew cabin
- 32 KW Onan Generator
- New Gen Set Battery x4
- All House Batteries new 2015
- Bow thruster, Naiad 60 hp (hydraulic - triple controls)
