- Bottom Paint

## **Manufacturer Provided Description**

---

It's all here and more. Mounted close to the water, our standard extended activity platform has a three-step, stainless steel telescopic boarding ladder with a grab handle. UL approved non-skid adds a measure of safety. A transom stereo remote and sterndrive tilt switch along with a transom shower are conveniently mounted aft. In the cockpit, molded dash steps lead to a large center-opening windshield for easy deck access. Oversized safety rails and flat forward surfaces make footing sure and secure. A color coordinated deck pad is available. Bow to stern we use nothing but high quality stainless steel hardware and oversized rails.

## **Exclusions**

---

Owner's personal belongings.

## **Disclaimer**

---
