## Overview

---

The rugged good looks of the 23 Regulator Classic are a good deal more than just skin deep. Superb craftsmanship, a great open-water ride and long list of standard equipment make her one of the premium trailerable center consoles. Heavily built on a solid fiberglass deep-V hull with a sharp entry, reverse chines and a single-piece grid-type stringer system for structural support, the overall fit-and-finish of the 23 are to standards well above average in a small production boat. The single-level "Classic" cockpit is designed for serious fishing and comes with 3 Forward Fish Boxes, 2 Transom Bait Boxes, Leaning Post w/Footrest, tackle drawers and an 80 quart insulated cooler under the forward console seat.

Electronics included a Furuno GPS and depth finder along with an ICOM 502 VHF. Offered with a 225 Yamaha, the engine has 1400 hours and may be a candidate for an engine re-power.

This Regulator is offered with a 2003 double axle Load-Rite trailer that has been only used to launch and store the boat. New brakes, new rollers and winch cable have recently been added.

## Basic Information

---
