## Overview

---

"Sand Dollars" is one of those boats that is difficult to describe without sounding too much like a Salesman, so I apologize in advance! But when I was asked to come preview the boat prior to listing her for sale, I was shocked by how clean, well-maintained, and well-equipped she is! From her custom canvas package to her spotless interior and engine room, this boat is a very rare find in today's marketplace that seems to be filled with boats needing so much attention. She is powered by twin Volvo 5.7L V8 375hp fresh water cooled engines with only about 380 original hours which are coupled to new Volvo Ocean X dual-prop drives. The drives are protected by Volvo's exclusive Neutrasalt System, not to mention that the drives themselves are built to provide the highest corrosion protection level over any other available outdrive system due to the titanium-ceramic coating that greatly slows any corrosion. These drives are fresh-water cooled, and have 2 different water-intrusion sensors per side. This technology was not available when the boat was first built, so it is very unlikely that any of her sisterships will have them. Additionally, the boat comes equipped with a 5KW Kohler generator (102 hours), 16,000 BTU Cruisair AC/Reverse-cycle heat, full Raymarine electronics package, TWO sets of exterior carpeting, full "camper canvas" with additional sunscreens (see photos), remote spotlight, Maxwell windlass, Jensen flat-screen TV, and the list goes on...Late Spring/Early Summer 2018- Bottom and drives were painted, drives serviced, props pulled, inspected, and painted with "Prop-Speed", new shower sump installed, hull washed and waxed, heat exchanger anodes replaced, as well as the drives and trim tabs. She lacks for nothing and is ready to finish the season with her new owner. Easy to see at Tidewater Yacht Marina in Portsmouth, VA- Call Listing Agent with any questions or to arrange for a showing. The owner has taken great care to create a very comprehensive maintenance log which is available for inspection. I truly look forward to showing this boat!
