SPECIFICATIONS

Overview

This is a very well kept example of Jefferson's Rivanna Series, a modern dual purpose trawler/motoryacht. Featuring the dependable twin 450 HP Cummins Diamond Series diesels, she is a very capable yacht with cruising speeds of up to 18 knots when desired . If you are interested in a more economical cruise, pull the throttles back to 8 knots and enjoy a miserly 4 gallon per hour with ample range for extended passages. This is a two stateroom galley down layout with a lower helm and beautiful High Gloss Teak Wood interior. She has a wonderful, fully enclosed, aft deck and the added benefit of a cockpit with a transom door. Her Fly-bridge is large and fully protected with all new Bimini and full four sided enclosure. (2018) This is a great looking, one owner boat, that was custom built to showcase this new design in the USA. She is hull number one of the 46 Rivanna series, and was the Miami Boat Show Boat in 2001. One of the very last of the Jefferson's built in the Her Shine yard in Taiwan prior to moving production to China. At over 52,000 lbs, this is no lightweight day boat. Combining her mass, (with a generous 15'9" beam, and a shallow 3'4" draft), gives one a proper cruising yacht with great Island and inland capabilities.

Basic Information

Category: Motor Yacht

Model Year: 2001
