### Accommodations and Layout

---

Boarding from the stern you approach a hydraulic bathing platform which allows you easy access for swimming and boarding. The crew quarters with two bunks and 3 berths, head and shower, and engine room is easily accessed here as well. Up four molded steps from the platform on either side you will find the aft deck with ample seating and a large teak table that will easily sit ten for a wonderful alfresco dining experience. Access to the bridge, main salon and port and starboard bow is located here as well. The entire deck, side steps, and bridge deck are laid in teak. The hardware throughout this yacht is a grade and quality that of a mega yacht. The starboard side of the cockpit has custom mounted thruster and engine controls. This yacht was designed to be enjoyed by an owner operator or at a minimum one crew member. Entering the salon from the aft sliding door you will find a huge seating area with ample room for ten or more. There are two large leather covered sofas and an arm chair, the 42" plasma TV with top quality sound system is easily visible and exciting, and the headliner with cherry inlay and hidden mood lighting is visually appealing. Forward of the salon and to starboard you will find a beautiful cherry dining room table with 8 matching chairs. To the port is the galley with all the appliances you need for a quick snack, hot espresso, or seven course meals. Granite counter tops and stainless appliances are an added touch. The helm is adorned with all the equipment needed to circumnavigate the globe in confidence. To the Port of the bridge is a U-shaped seating area with an excellent view. Access to the lower deck is midship and forward of the helm. Starting at the bow is a giant VIP with walk-in closet, in suite head, vanity and love seat. There is a flat screen TV and stereo system that is operated by a handheld Crestron unit that is installed in all four staterooms and the upper salon. The entire aft area of the lower deck is a beam to beam master suite. You will find a majestic entry with a custom, artistic, fixed sculpture of glass, cherry wood and suede, blended horizontally. It is amazing. The king size bed is facing to the stern to view the hidden 42" TV. The master head has ample room and a Jacuzzi tub that will easily accommodate two. There are his and her closets, a vanity, and a love seat as well. This master is larger than many in 100 footers. Guest stateroom to port has two single berths with under berth storage and a bedside unit w/drawers. Guest stateroom to starboard has over and under single berths. Under berth storage, full hanging wardrobe. Crew quarters aft with double and single berth sleeping 3. Full head and shower

## Remarks

Sunseeker has done it right with the 82 Yacht. Not only is she elegant and stylish but she is a performer. This boat is extremely spacious and rivals many hundred footers in the market. She is well equipped with all the great upgrades. Her fly bridge is custom, in that it is taken from the layout of the popular 94 Sunseeker. Everything about this yacht is perfect. The VIP is giant and the MASTER is even larger. "My Medicine" equipped with upgraded Garmin electronics, she has onboard the latest electronic switch over Atlas converter system. She has a 60 GPH water-maker. There is a redundant battery charging system, and all the power cords needed to hook up to any dock in the world. The two 23 KW generators and a run silent inverter system will insure that your power needs are taken care of at dock, underway, or anchored in your favorite cove. The C32 Caterpillars are not only quiet and smooth. She has recently had a 1000 hr service including aftercooler updates as well all new Marine Exhaust system. The digital display panels give you all the details needed: Fuel Burn, Engine Temps, Oil Pressure, and many more parameters to read and control remotely.
