# DETAILED INFORMATION

---

## Description

---

KANGA has an impressive space on-board with her wide beam of 7.75m, relative to her LOA. She accommodates 10 guests in 4 staterooms, 2 identical double cabins and 2 twins with pullman beds, and 4 crew members. Vast teak decks with social seating and sun lounging areas are perfect for the outdoor types while the tender's easy launch is from a hull door. One-step on-board she has all it takes to see why the shipyard took so much pride in her. Since her launch, Kanga registered impressive charter records with more than 10 weeks of charter per year.

### MAIN DECK

Embarking by the large platform, a large stern platform is linked to the main deck via two staircases, each located both sides of the vessel. Aft on the main deck is a comfortable sofa and an outdoor dining area with three chairs and three sofas around the table to provide a generous guests area, where to enjoy the big screen and projector. The main saloon features a large sofa accommodating 10 guests, a Luca Bassani's design coffee table and a bar area provided with two fridges, a wine-cellar, a sink and an ice-maker. On the opposite side of the entrance is the dining table for up to 10 guests, the central staircase leads to the lower deck. By each side of the dining area cupboards are located and towards the bow is the wheelhouse and captain's office, from which a staircase leads to the galley on the lower deck. Access to the bow external area is possible from the wheelhouse. On the bow is a liveable area with a spacious sunbathing area that can be transformed in a dining area as the central sofa structure is modifiable to be transformed in a table accommodating 10 people. LOWER DECK A central corridor leads to the staterooms, two twin cabins (one per side) in the centre each featuring two single beds plus a pullman regular bed, 3-shutter cupboard entertainment system, TV and a spacious bathroom with shower towards the side of the boat, the toilet in front of the shower and the sink in the middle. Towards the bow are located two identical double cabins, bathrooms identical to those in the twin cabins and they have direct access to the bow platform at sea level. The galley is located on the lower deck adjacent by the staircase that leads to the wheelhouse and main deck dining table. The galley is fully fitted, chef-standard kitchen with oven, microwave, fridge, freezer, crew dining area and laundry machines. FLYBRIDGE From the aft exterior main deck a stair leads to the flybridge, which is divided in two areas. Towards the bow a big customisable sofa with some small tables are integrated in the furniture; the aft area features three comfortable sofas and two sun chairs. In the centre of the flybridge a bar area is provided with three stools, a grill, a sink, and a fridge.
