# DETAILED INFORMATION

---

## Manufacturer Description

---

Every aspect of this never-before-seen machine was meticulously designed to give the rider every advantage on the water. It's extremely agile with incredible speed and muscle. The RXP-X is the ultimate performance watercraft. We're talking the absolute best handling and performance on the market. It redefines nimble with sharp, precise cornering, and it's plenty fast with its race-proven Rotax engine muscle and revolutionary T<sup>3</sup> Hull. This T<sup>3</sup> Hull has been designed to give you more traction on the water and better cornering. The narrow racing seat, adjustable handlebars and angled footwells allow your body to lock onto the watercraft to minimize upper body fatigue and provide more leverage. And thanks to the T<sup>3</sup> Hull end Ergolock system the RXP-X is 9% faster on average than the competitive unit.

## Exclusions

---

Owner's personal belongings.
