SPECIFICATIONS

Overview

HEYDAY has just received upgrades to her running rigging, batteries and decks. Originally built for an experienced American owner, she was commissioned on the east coast of the US. HEYDAY has mostly cruised all of her life and rarely, if ever, raced, but would make a great cruiser/racer for the family who wants to sail fast and in comfort. Typical Swan execution with proper layouts both above and below decks. With constant upgrades and only used seasonally, she is in sail away condition. Currently in donation, favorable lease terms are available.

Basic Information

Category: Cruising/Racing Sailboat

Sub Category: Sloop

Model Year: 1997

Year Built: 1997

Country: United States

Dimensions

LOA: 48' 0" (14.63m)
