Overview

CATCH'M was purchased in 2015 and completed a \$500,000 refit prior to being shipped to the Philippines where she was to be based for the next 10-15 years. Unfortunately the owner has passed away so CATCH'M is returning to Fort Lauderdale to be sold. The entire \$500,000 refit was documented both with receipts, reports & pictures and are available upon request. Upgrades include the full 3,000hr service on the engines, all new A/V system throughout the interior & exterior, all new varnish (20 coats) on the fighting & helm chairs & console, new navigation equipment, installation of the davit & tender chocks, all service of all major machinery & fishing equipment, and the hull was painted. Essentially we went over the entire boat and made it perfect which is outlined in the refit reports. ***A detailed list of all upgraded components is being put together & will be provided in the coming days. Please note that the electronics list on this brochure does not include the 2015 Refit upgrades but will once the project manager provides the itemized invoices.*** The family is ready to sell for a very good price so we do not expect her to last long on the market once she arrives in Fort Lauderdale in September.

DETAILED INFORMATION

Overview & 2015 Refit Summary

CATCH'M was purchased in 2015 and completed a \$500,000 refit prior to being shipped to the Philippines where she was to be based for the next 10-15 years. Unfortunately the owner has passed away so CATCH'M is returning to Fort Lauderdale to be sold. The entire \$500,000 refit was documented both with receipts, reports & pictures and are available upon request. Upgrades include the full 3,000hr service on the engines, all new A/V system throughout the interior & exterior, all new varnish (20 coats) on the fighting & helm chairs & console, new navigation equipment, installation of the davit & tender chocks, full service of all major machinery & fishing equipment, and the hull & transom was painted. Essentially we went over the entire boat and made it perfect which is outlined in the refit reports. **NOTE: A detailed list of all upgraded components is being put together & will be provided in the coming days. Please note that the electronics list on this brochure does not include the 2015 Refit upgrades but will once the project manager provides the itemized invoices.** The family is ready to sell for a very good price so we do not expect her to last long on the market once she arrives in Fort Lauderdale in September.
