## Overview

---

This boat has been gone through from one end to the other, including adding a larger swim step to go along with many new upgrades. Great opportunity to cruise this incredible boat now without having to wait. A one owner boat up until Nov. 2017, 2nd owner just spent approximately \$200k updating her. With a change in plans, current owner has no time to cruise. Change in his plans creates this opportunity for you.

- Wired with a separate breaker for a dive compressor. Compressor was never installed.
- SUBZERO under counter freezer.
- Numerous new spare parts including an alternator, engine filters, battery charger, new spare outboard prop, water pumps, impellers, fan belts, hydraulic and bronze fittings, large chain cutter, pails of hyd. fluid, plus hoses & lines of all sizes.

---

## Owner's Comments About Custom Features

---

- Asymmetrical Salon was a \$12,646 additional charge.

- We did a total bright work interior finish with 13 coats of two part resin, for an almost indestructible lifetime finish.
- All of the teak on the boat was from a single old growth log.
- Upgraded from a YANMAR wing engine to a 70 hp LUGGER, an \$8,000 addition.
- Increased the fuel capacity by 150 gallons.
- Increased the holding tank from 60 gallons to 100 gallons.
- Went from all electric 10hp Thrusters and electric windlass to a complete abt hydraulic package of 25hp variable speed thrusters and a hydraulic windlass. This was a \$40,000 cost.
- Added a second inverter.
- Doubled to 2,000 Amp hour the house battery capacity. Added another and larger start batteries.
- Added a 55-gallon gas tank with hose and pump.
- Added storage and many cabinets.
- Up-graded the main Genset from 12kw to 20kw.
- Added the NUTONE vacuum system.
- Added two STIDD chairs in the Pilothouse and moved the standard pampanette chair to the flybridge, so we would have (2) chairs at both helm areas.
- Added the hot water heat throughout the boat along with the EVERHOT system and engine heat.
- Added (3) additional control stations to the Cockpit and both sides of the Portuguese Bridge.
- Had the Aft half of the Pilothouse ceiling raised about 8"
