DETAILED INFORMATION

Vessel Highlights

The 2011 40' Cabo "Deep Dive" is the newest, most well-kept 40' Cabo convertible on the market. Only 685 hours on twin 8.3 600HP Cummins QSC w/ Zeus drives! She features a 2 stateroom 2 head layout with a 15'9" beam allowing ample space for fishing and entertaining. Recent service work includes intercoolers and aftercoolers just completed in April 2018. Meticulously maintained with gorgeous teak throughout. Don't miss your opportunity to own a pristine 40' Cabo today.

Walkthrough

The cockpit of the 40 Cabo is all business. Her 15'9" beam makes for a spacious well laid out cockpit that is equipped with Release Marine rocket launcher with drawer. Against the forward bulk head there is an optional deep bait freezer, a sink/bait prep area and engine room access. She has plenty of room for tackle storage with multiple drawers for lures, tools or terminal tackle. There is a large transom livewell also. She is extremely well suited to the fishing styles that predominate south Florida. In the deck there are two macerated fish boxes and access hatch to the pod driven propulsion system.

Moving inside, she has both a versatile and extremely functional 2 stateroom 2 head layout. One of the heads is full service with access from either stateroom and the other is a day head just forward of the galley accessed from the companionway. The salon is large with an L shaped leather sofa to port facing a slightly raised dinette with a custom teak high gloss table. The galley is a step down to port. It offers slight separation by way of a serving bar style counter top. This open arrangement enhances the social feel between the salon and galley. The galley boasts everything a 40' shipboard gourmet could possibly need.

The second stateroom is located to starboard and can easily sleep three thanks to her versatility. She has a large berth for your VIP, couple, crew, kids or whom ever. Above that there is a unique slide out top bunk for a third person if ever necessary.

Main Cabin

- AC duplex outlet/GFI protected
- Flat screen TV
- Access hatch to galley to below deck equipment space
- Indirect lighting, DC
- Air conditioning/heat, dual zone

- Interior wood, teak, superbly joined and finished in satin varnish
