SPECIFICATIONS

Overview

The strong composite hull was built in Norway by Brødrene AA Marine, Hyen to the designs of naval architect Michael Peters of DSG Associates and all electrical, mechanical and interior installations were carried out at DML shipyard in Plymouth, England who have built world renowned yachts such as Vava II, Sarafsa, Samar, Leander, Talitha G and Britannia. Her new paint scheme and the lengthening of the hull has made her sporty exterior even sleeker and with a brand new interior and all mechanical work completed, she is "turnkey" ready to go for a new owner.
