DETAILED INFORMATION

OVERVIEW

Very clean, well priced 2014 48 Sabre easily viewed at Bahia Mar Marina, Fort Lauderdale, FL Owner purchased the yacht just over a year ago and is moving abroad so due to the change of plans must sell. Since purchasing 'WOMBAT' back in June 2017 the following upgrades were completed: - annual extended service of engines, generator, pods completed - bottom job completed with prop speed on the pods/props - new under water lights - new engine batteries (AGM x 2) - new house batteries - compound wax/buff of hull & superstructure - new radar - new satellite tv system - updated software for the Garmin units - full service & 5 year re-certification of the fire system onboard - AC serviced & flushed - heads serviced with new seals

Sabre 48 Description

As an early adopter of pod drive systems, Sabre Yachts has a clear understanding of how these revolutionary drives can best be used to increase efficiency, maximize ease of operation and owner confidence. The all-new Sabre 48 Salon Express is our fifth pod driven model and she takes full advantage of this technology in both her performance and in her interior accommodation plan.

The 48's traditional exterior profile belies the contemporary performances of her vee-hull. She cruises at 27 knots and at wide open throttle she'll attain more than 32 knots. With the Zeus pod drive system, turns at speed are as exciting as they are in a fine sports car but perhaps even more exhilarating is the quiet that one experiences at cruise speeds. Less than 75 DbA makes her one of the quietest motoryachts available today. The joystick and Skyhook operations give every Captain the confidence to dock her in the most difficult of circumstances.

Her raised cockpit sole brings together the social aspects of the cockpit and main salon and the aft end of the house opens up fully to connect the spaces. Her main salon offers ample seating surfaces for entertaining or simply relaxing to read or enjoy the standard entertainment systems. While underway the raised settee to port of the Stidd helm chair is a perfect place for the crew to enjoy the ride. And when docking, a standard side deck door serves her helmsman and crew, well. The two cabin, two head layout is supplemented by a mechanical space forward of the engine room. WOMBAT has the space laid out as a crew quarters with berth and head unit.

Mechanical

Cummins QSC 8.3 550hp engines with pod drives

Cummins electronic controls and Smartcraft display

Joy stick for low speed maneuvering

Triple windshield wipers with washers

11.5Kw Onan gen set in sound shield
