Total hours on the boat 206

- 150 hours in Upstate NewYork, Lake Champlain
- 56 hours in Florida
- Boat used in Florida since 2017.

Manufacturer Provided Description

She is not the girl next door. She is, however, perfect for where you are going! The Barracuda features a modular design with a list of options to easily fit any pastime. Her rugged polyester sandwich construction makes her hungry for rough waters and her enclosed wheelhouse means there's always refuge from the weather.

Exterior

The Barracuda 9 Fly's hull is aggressive yet safe and she is perfectly balanced.

Equipped with Air Step© technology, she is very comfortable to drive and her chined hull gives her great grip. Topped with a stylish straight wind-shielded wheelhouse, her deck has a walk around layout. This boat is designed for fishing and has spacious functional 'work areas' outside (cockpit and foredeck).

Interior

Ideal for easy movement on board, access to the wheelhouse is by two side sliding doors. Inside, the Barracuda 9 Fly reveals a really comfortable atmosphere. With a dashboard ready to receive full electronic equipment, a large forward cabin, and a shower and toilet space, it is ready to set off on any trip. Every hollow space is used as a storage locker and for stowing equipment. The two pilot and co-pilot bolster seats rotate to face the rear seat. This creates a meal area inside.

Fisher and Cruiser in one

With deck and cabin fittings adapted to all climates, the Barracuda 9 Fly has a wide range of uses. Most definitely a fishing boat brim-full of character, she is also pleasant for short trips or coastal cruising. You feel safe on board in all circumstances thanks to an extremely seaworthy hull.

Exclusions

Owner's personal belongings.
