Vessel Introduction

2015 Princess S72 "WOODY"

The new S CLASS Princess S72 exemplifies all the ability, quality and design expected from our FLY BRIDGE and V CLASS models and injects a new level of performance, style and on-water attitude. Fitted with twin Caterpillar engines, the S72 will handle every bit as well as she looks. A proven deep-V hull and low center of gravity will deliver class-leading ride quality, with speeds expected to pass 37 knots, along with a highly efficient cruising range. Sleek and aggressive exterior styling will be a feature of S CLASS, from the dark wraparound superstructure glass and angled hull windows to the raked profile that flows into a strong architectural section in the cockpit, these boats deliver real attitude.

Vessel Walkthrough
