SPECIFICATIONS

Overview

JUST REDUCED!!

The 281 Billistic is the most popular of the Billistic line with enough fuel capacity to make it a serious offshore fishing machine, but still easy enough to trailer while being a family friendly recreational platform. Like all Billistics, the 281 is built with a no compromise approach featuring the best of everything from hull construction to wiring, with special attention to access for service to keep it all running and dependable. This is an amazing center console - big enough to go after the big fish and also act as the comfortable and reliable family SUV.
