Vessel Walkthrough

The luxurious interior is an elegant ensemble of hand-finished teak joinerwork and richly textured designer fabrics, which create a plush, palatial ambience. The four-stateroom, four head arrangement is sure to please the most fastidious yachtsman and the hard-core tournament fisherman. The salon is a blueprint of intelligent form and function, utilizing the wide beam to its maximum potential. Flowing with luxury features from the electrically operated salon door, to tasteful granite countertops in the galley. Air conditioning flows from hidden registers behind valences to better distribute cooling air and reduce noise. The main electrical panel is directly inside the salon door and at eye level for maximum convenience. In the U-shape galley, Sub Zero under counter refrigeration maximizes food storage capacity and keeps the area open to the salon and dinette. Pull out drawers on slide mechanisms lock in place for safe keeping. Opposite the galley, a large dinette easily accommodates four adults for dinner and additional bar stool seating at the galley counter.

The port side master suite is amidships and has an athwartships king sized walkaround bed with a spring mattress and an upholstered headboard flanked with night tables and reading lights. The bed faces a 32" flat screen television, which complements a Bose entertainment system. The forward stateroom has a walkaround queen size bed that lifts to reveal a cavernous stowage compartment below. The starboard and crew staterooms feature upper and lower berths and each is served with a private head and stall shower.

In addition to the spectacular accommodations and design details is perhaps the yacht's most compelling feature - a 186 square foot cockpit with its dramatic observation mezzanine. The observation mezzanine combines tournament winning practicality along with the luxury of waiting for the next strike in sublime comfort with its aft facing lounge seat, plus the added measure of sun and weather protection

thanks to the flying bridge overhang, which help keep bait-watching eyes, shaded, sharp and rested. The mezzanine also provides considerable storage beneath the hinged seating for loose gear, tackle stowage, a 9.9 cubic foot bait freezer and access to the engine room.
