# DETAILED INFORMATION

---

## Walkthrough

---

These comfortable and practical cruising boats come with all the comforts of home. Her spacious flybridge is the envy of her class. She comfortably seats 8 in fully enclosed comfort. A fold down table is within reach of everyone. An additional table with 4 folding chairs is aft on the bridge to attend the "summer kitchen". Inside this summer kitchen there is a Jenn Air BBQ, a sink, a U-Line icemaker and loads of storage. The electronics mast easily folds down for those low bridges. Wide molded steps to and from the flybridge give easy and safe footing to the aft deck.

The aft deck has a transom gate for easy passage on and off the swim platform. Going forward from either side, the decks are wide, lighted, and recessed, making the passage safe and secure. There are 3 stainless Bomar hatches in the trunk cabin roof giving ample air and light to the 3 cabins below. A stainless steel Sampson post, Lewmar windlass and roller pulpit make anchoring or mooring a breeze!

Entering the salon from aft through a sliding door you will see the beautiful cherry interior. The galley contains a dual voltage refrigerator and freezer, 3 burner range and oven and a Tappan microwave oven. The original sofa was replaced with a custom queen sofa with storage under in Oct 2017. To port across from the lower helm is a dinette with seating for four. To starboard is the lower helm with a full complement of instruments and controls. Going forward, the combo washer/dryer is under the stairs.

To port is the Guest Cabin with a queen berth added in 2017. This cabin could easily be re-converted to twins. To starboard is the very large head and shower with a tub at the base of shower. There is private access from the master and also from the companionway. All the way forward is the master cabin with centerline queen berth and generous storage.

---
