Model: D6 IPS

Fuel Type: Diesel

DETAILED INFORMATION

Manufacturers Description

The new Riviera 43 Open Flybridge, is the latest in flybridge design from Australia's most awarded luxury boat builder. This exciting new model incorporates great function and style within a supremely comfortable, sea-kindly hull. The most striking aspect about Riviera's latest creation is its design approach: a thoroughly modern methodology that will progress flybridge boat design into a new generation of boating enjoyment. Designed exclusively using Riviera's Unigraphics three dimensional CAD software system, the result is a superbly considered boat with abundant use of light and space. The new 43 Open Flybridge brings the outdoors in, creating an alfresco environment with a seamless transition between the expansive cockpit and the contemporary leather and varnished cherry interior.

Layout and Overview

- The main saloon is both beautiful and practical, with seating for seven in a U-shape lounge to starboard around a generous sized, timber folding table.
- To port is a two-seater leather lounge that can be brought forward to the saloon table as two separate dining chairs.
- U-Line icemaker
- Samsung TV
- Clarion music system
- When not required, the chairs are stowed neatly between the bar and open plan galley on the port side.
- Below decks there is sleeping accommodation for up to six in two large cabins.
- The forward master stateroom features a queen sized two metre long double bed, with a cedar-lined hanging robe, extensive storage and an ensuite bathroom.
- The aft, full beam cabin has large port lights with optional portholes either side for natural light and cross ventilation.
- A large skylight under the forward saloon windscreen provides additional light to this cabin creating a very bright and welcoming space.

Galley
