Volvo Engines D11 670 HP Twin Diesel 400 Hours Actual Fotos Upon Request

Raymarine Electronics : RADAR, GPS , AUTOPILOT , VHF

Modern luxury motor yachts try to achieve many things but the Princess V52 has a firm grip on the essentials: style, performance and breath-taking speed. The Princess V52 provides incredible handling and performance but also has superb accommodation.

The Princess V52s accommodation layout provides three reception areas, including a totally enclosed flying bridge with a lounge area, bar and storage space. This enclosed area means that the flying bridge is more comfortable in adverse weather, perhaps extending the seasonal use of the yacht. The enclosed bridge does have a retractable roof, giving the owner the best of both worlds when at the helm. The open after deck has another seating area, which can convert to a sun bed and benefits from a bar, sink and refrigerator. This area affords easy access to the hydraulic swim platform, which is also ideal for getting into a tender as it can be lowered below water level.

Below deck are two spacious staterooms in standard layout, two heads, a generous galley and a lounge. The galley comes equipped with a three ring ceramic hob, microwave/conventional combination oven, fridge/freezer and a wealth of storage. The timber laid flooring extends into the lounge area giving an open plan feel to the third entertainment area of the yacht. The lounge table base is also telescopic giving dual functionality.

The owner's stateroom is amidships, using the full beam of the hull; the master cabin is over 14ft wide, allowing for a double bed and sofa with an en suite bathroom, all complimented by ample storage accommodation and plenty of natural light. The forward guest cabin has a well thought out 'scissor-berth' providing two singles or a double for flexible accommodation, and has its own en suite bathroom.

Информация о двигателе

Двигатели: 2

Производитель: Volvo

Модель: D11-670

Тип двигателя: Inboard

Тип топлива: Diesel

ПОДРОБНОЕ ОПИСАНИЕ

Manufacturer Description

The very latest in sports yacht technology and Princess unique deep-V hull give the V52 the perfect mix of agility, performance and flexible on-board comfort. With her enclosed deck saloon, she delivers significantly larger interior accommodation than a fully open model without sacrificing the thrill of the ride. Triple sliding glass doors and a large electrically controlled sunroof can be opened to the elements, or closed for a welcome respite. From the elegant panelling in the saloon to the convertible sunbed in the cockpit dining area, the V52 is the perfect combination of fine detailing and practical solutions. Below deck, adjacent to the fully fitted galley, the lower saloon provides a separate entertaining area which can be converted to provide additional berths for occasional guests. Alternatively, a permanent third guest cabin can be specified as can an aft crew cabin if required. The owner's stateroom provides a spacious haven in which to relax, complete with ensuite bathroom. Large hull windows fill the cabin with light from each side, accentuating the ambience and quality of the materials and detailing that help to create a calm and luxurious space. There is also a second full-size stateroom forward which offers generous storage and an en-suite bathroom with separate stall shower.

Standard Equipment

- Power-assisted steering system
- Bow thruster (120 kgf/265 lbf)
- 24v DC/240v AC electrical system
