SPECIFICATIONS

Overview

"True Grit" is an incredibly well equipped vessel with very low hours on the Yanmar main engine and Fischer Panda 4 kw generator.

"True Grit" is ready to go sailing and needs nothing. The vessel is very clean and fresh with no "funny" odors. A pleasure to be aboard!

This vessel sports all new roller furling sails for ease of handling. Standing rigging is new.

The vessel also has a reverse transom with steps to the water. This is commonly called a "Sugar Scoop".

Designed by Berret-Racoupeau with one of the most intelligent layouts that one might find anywhere in a 36' sailing vessel. "True Grit" has a very large and functional Galley. The vessel also has a large head and Master Stateroom, where you are not inclined to bump your head, because of the center cockpit design.

Please go to "Full Specs"/ "Discriptions" for a closer look at "True Grit"! Also, Please see walk though video.

All electronics (including radar) are new and are high end.

The current owners have insured that this vessel have everything needed for safe and efficient Ocean passages. They have traversed the Bahamas and Caribbean, leaving for the new owners a vessel that would be hard to find fault with.

New 2018 10'4" Achilles hard bottomed inflatable Dinghy with 4 stroke 6.5 hp. Mercury outboard is negotiable.
