## Overview

---

The Ferretti 960 is the newest and largest yacht of the Ferretti lineup. Launched in 2013, it drew critical acclaim from industry designers for its innovative transom design. Although it retained some of the previous design features of its popular little sister, the 881, it is a radical step forward for the Ferretti Group. The design is a result of a collaboration among Studio Zuccon International Project, which designs Ferretti Yachts' entire lineup, Advanced Yacht Technology and Design, and Ferretti's team of engineers, architects and designers. The master cabin is on the main deck forward, and the remaining four guest cabins are on the lower deck. She also features three crew cabins in the bow, with discreet access from the galley. The design of the planing hull gives her a "lighter profile" than most raised bridge motor yachts. Her fly bridge can be accessed via a cockpit staircase and from the helm station on the mezzanine floor. The outdoor areas on the upper deck are larger than on previous Ferretti models because of the ability to store a tender in a garage beneath the cockpit. And, without a jacuzzi to consume valuable space, Club M boasts massive entertaining spaces on her fly bridge.

## Basic Information

---

**Category:** Motor Yacht

**Sub Category:** Flybridge

**Model Year:** 2014

**Year Built:** 2013

**Country:** United States

**Registration #:** JMP16055

**Vessel Top:** Electronic Sunroof

**Fly Bridge:** Yes

## Dimensions

## Description

---

The Ferretti 960 is the newest and largest yacht of the Ferretti lineup. Launched in 2013, it drew critical acclaim from industry designers for its innovative transom design. Although it retained some of the previous design features of its popular little sister, the 881, it is a radical step forward for the Ferretti Group. The design is a result of a collaboration among Studio Zuccon International Project, which designs Ferretti Yachts' entire lineup, Advanced Yacht Technology and Design, and Ferretti's team of engineers, architects and designers. The master cabin is on the main deck forward, and the remaining four guest cabins are on the lower deck. She also features three crew cabins in the bow, with discreet access from the galley. The design of the planing hull gives her a "lighter profile" than most raised bridge motor yachts. Her fly bridge can be accessed via a cockpit staircase and from the helm station on the mezzanine floor. The outdoor areas on the upper deck are larger than on previous Ferretti models because of the ability to store a tender in a garage beneath the cockpit. And, without a jacuzzi to consume valuable space, Club M boasts massive entertaining spaces on her fly bridge.

## Features

---

This Ferretti 960 is easy to show and in pristine condition!

Club M has substantial upgrades, not found in other 960 Ferretti yachts. For example, Club M has a very spacious flybridge, with custom Pola Lenti furniture valued at \$100,000, and a full-size teak dining table which seats 10. The standard layout is a small flybridge with two mica tables seating only 4. The Simrad display at the helm station has a 15' screen, as opposed to the standard 12' display. And, Club M has a full-size sail awning that covers the aft seating area, with stainless pillars.

On the main deck aft, Club M has a custom teak table with two large fixed stainless legs, which can be extended to accommodate up to 12 guests. The standard Ferretti 960 comes with a residential outdoor table that is not fixed in place, leaving it to be unstable while underway.

Club M has upgraded underwater lights for a total of 14, including 4 very powerful aft lights.

While Ferretti installs a Mitsubishi zero speed gyro stabilizer as standard equipment, this owner elected to add the over-sized 300 ABT Track fins for additional stabilization. Together, they perform remarkably well to remove most of the roll on a yacht, at anchor and while underway.

Club M has an Atlas shore power converter allowing for seamless transfer of power

from any source worldwide, to that required by the yacht. She was also upgraded with 2X 100 AMP shore power cords and an option of a 100 AMP three phase power cord, which allows the yacht to run a full load on 1 cord.

Additional upgrades include:

- Innovative transom design, converting an aft sun pad seating area to a full sized tender garage, housing a 13' Williams jet tender.
- Custom built pantry in the crew area with subzero refrigerator and freezer drawers.
- Electric curtains and shades in every guest room, the owner's suite, the saloon and dining.
- Eight security/monitoring cameras
- Crestron system in the salon and owner's cabin. High quality Sonance speakers throughout the yacht, including the bow area.
- Professional cell (prelink) internet system with the ability to use multiple sim cards based on yacht's location.
- Wave WIFI access point and marina points
- Custom covers for all outdoor cushions and furniture including the Pola Lenti furniture.
- Aft, port and starboard side shades as well as fly front area.
- Upgraded electronics on Williams tender.

---

## Highlights

- Turn key condition
- 5 staterooms
- On deck master stateroom
- Lovely light interior
- Garage with Williams Jet Tender
- Tons of natural light

---

## Construction

Fiberglass hull and superstructure with teak decks

- Fuel capacity: 2375 g / 9000 l
- Water capacity: 350 g / 1320 l
- Grey water: 87 g

- Black water: 87 g

## Performance and Consumption

---

### Speed Consumption Range:

- Maximum 28 knots 259 gallons 263 nm
- Cruising 21.5 knots 131 gallons 352 nm
- Economy 7.5 knots 5.3 gallons 3029 nm

### Main Engines:

- Main engines: (2) MTU 16V 2000 M96L @ 2,638 mhp/1940 kW @ 2,450 rpm  
Engine hours: 2,078
- Gearboxes: ZF 3070V 2:52:1 gear ratio
- Drive: V- drive

### Electrical Equipment:

- Output: 120/240 single phase, 60 Hz Generators: Cummins/Onan
- Shore power: 2 x 100 Amp single phase
- Batteries: Main engines: 24V dedicated bank
- Generator starting: (1) each generator 24V
- General service: 24V dedicated
- Air Conditioning
- Type: (2) Condari Tropical upgrade option

### Other Machinery:

- Watermaker: (1) Indomar
- Stabilizers: Abtrac Fin upgrade to 300 series
- Mitshubishi Gyros (2)
- Bow and stern thrusters: Abtrac 50 hp each
- Steering system: BSC drive actuation w/ bronze tillers steel tie bar and foil rudders  
Fuel separator: Racor
- Filtration: Racor
- Sewage system: Holding tank, plastic MSD Tecnomar Fresh water system: (1)  
220V, (1) 24V fresh water pumps Bilge water system: 24V
- Helm control: Pilot house, flybridge
- Miscellaneous: Underwater lights (14)

## Communications, Navigation and Entertainment

---

- Satellite TV system: KVH

- VHF Fixed: (2) Simrad
- Ships printer: Epson

#### Navigation Systems:

- Radar: SIMRAD
- Autopilot: SIMRAD
- GPS: SIMRAD
- Plotter software: SIMRAD
- Depth sounder: SIMRAD (3)
- Video sounder: SIMRAD

#### Magnetic compass:Urania

- Speed indicator: Furuno Speed Log

#### Entertainment System:

- HD TVs w/DVR: 55" in Salon, 46" in Master, 40" in guest staterooms, 24" in Captain's cabin & crew
- DVD: BluRay
- \$50,000 Crestron system in main salon and owner's cabin with Denon surround sound high end Sonance speakers in main salon, aft deck, fly bridge and bow area.
- CD player: BluRay
- iPod stations: (7) Fusion
- Miscellaneous: Apple TV in each cabin including crew, (7) DirecTV HD DVR
- Galley & Laundry Equipment

## Galley

---

- Range:Bosch 4-burner
- Oven: Bosch
- Grill: (2) Gaggenau on flybridge
- Microwave: Bosch
- Refrigeration: Bosch
- Freezer: Bosch
- Icemaker: (2) Raritan
- Wine Cooler: Isotherm Cooler Drawer
- Small fridge: Isotherm
- Dishwasher: Bosch
- Miscellaneous: Broan Trash Compactor

---

## Laundry

---

- Washer: Miele
- Dryer: Miele

---

## Deck and Hull

---

- Anchor Windlass system: (2) Lofrans x 5 PJX5
- Anchors: (2) 90kg PoolIN
- Anchor chain & rode: 400' chain
- Deck capstans: (2) Lofrans CS 014203 1700w 24V
- Davit: Besensoni 600kg
- Passarelle: Besensoni
- Two Spotlights: (1) Jabsco and (1) ABT
- Exterior shower: on swim platform
- Swim ladders: Hydraulic
- Underwater lights: Sea Vision (14)
- Miscellaneous: (2) Hot and cold wash down bibs, fore and aft
- Security, Fire and Safety Equipment

---

## Security

---

- Masters Automatic Video Sequencer AVS8CH CCTV with ability to watch on an iPhone or computer
- Cameras (8)
- Monitor in Pilothouse
- Safe in each stateroom

---

## Fire Fighting Equipment

---

- Fire/Heat/Smoke detectors throughout
- Fixed FM 200 system auto/manual control in engine room
- (10) Fire extinguishers
- (1) Seawater firefighting station in forward locker

---

## Safety Equipment

---

- (1) Eurovinil 8-person
- (1) Life ring on flybridge
- (1) ACR EPIRB with auto release

- (2) Flare kits

## Exclusions

---

Owner's personal belongings.
