# DETAILED INFORMATION

---

## Manufacturer Description

---

Farallon will deliver, whatever your expectations of a sport fishing boat - safety, seaworthiness and great fishability. It is a hardcore fishing boat that will cut through any waters. With a Farallon, you keep fishing when others head for port. From its pilothouse, it is complete with roomy inside working area, the enclosure that keeps you warm and dry, to a cockpit that's built for rugged sportfishing. It is the Farallon's hull that makes it, by far, the strongest boat on the market and the only boat you'll need for decades. Superior to every other hull, the single piece fiberglass design is hand-laid, where each layup is given many hours to cure, providing the boat with life-long durability and strength. The hull design is brilliantly engineered, and is responsible for the boat's superior ride at high speeds. Because the boat is virtually one piece, the hull is bonded together with the deck, bulkheads, shelves and cabinets, giving it incredible structural strength. This no-nonsense construction results in straight tracking at trolling speeds, minimum drag and maximum efficiency, as well as expert handling in any seas.
